

Get the ultimate security package for your business

Sophos Intercept X and XG Firewall

90% of small businesses worry their IT security won't keep up with malware.

92% are worried about the threat of ransomware.

25% of an IT manager's time is spent managing IT security solutions.

Advanced Protection at the Endpoint and Firewall

Sophos Intercept X and XG Firewall deliver proven protection, keeping your business safe from advanced threats including ransomware, exploits and cryptojacking.

Intercept X

Keep your endpoints secure from advanced malware threats:

- ▶ Stop unknown, never-seen-before threats with deep learning technology
- ▶ Block ransomware including WannaCry and Petya and boot-record attacks
- ▶ Stop exploits and techniques used to distribute malware and steal credentials

"Intercept X stopped every complex, advanced attack we threw at it."

ESG Labs

XG Firewall

Stop threats before they breach your network and keep them from spreading:

- ▶ Advanced protection including deep learning, sandboxing and IPS
- ▶ Stop hidden risks such as unknown apps and risky users
- ▶ Block malware spread with automatic isolation and device clean up

"XG Firewall combines top performance with stunningly good value."

ITPro

Spend less time managing your security

Sophos solutions are built from the ground-up to be straightforward and quick to use, accessed from one central management platform.

- ▶ Manage everything in one place (mid 2018)
- ▶ Intuitive interface that's quick and easy to use
- ▶ Automatic response to threats – average response goes from 2 hours to 8 seconds
